

Group Project- Minutes of Meeting

Monday, October 17, 2016

- Listed down the fundamental deliverables along with some advanced options which might be incorporated later if possible (Fundamental deliverables and advanced options in a separate file).
- Minutes of meeting to be taken down by Soumya.
- The tasks have been primarily divided as:
 - **Design and Frontend:** Clare, Luke and Ucizi
 - **Database and Backend:** Soumya and Abdul
- Language-wise research:
 - **HTML/CSS/Javascript:** Clare, Luke and Ucizi
 - **SQL/PHP:** Abdul and Soumya
- Research to be done by next Monday (October 24).
- Later into the project, tasks will be further divided, e.g. One works on messaging, one on the forms etc.
- Proposed names for the Project:
 - *Leftovers*
 - *Food-networking*
 - *Cupboard*
 - *Webpantry*
- Name of the group to be decided.
